### Vernon All Set for Opening of Big Celebration Thursday

#### HOME TOWN STUFF

Tomorrow, there will be staged in Vernon the big Fourth of July celebration, which will include formal dedication of the new courthouse and a gathering of the Wilbarger County pioneers. There will be many other features of the celebration, including baseball games, foot races, a parade and a barbecue for visitors at the Allingham Park.

It will be a big occasion. The committees in charge have been working for several weeks in preparation for the occasion. S. W. Bailey was chairman of the committee to have wood hauled to cook the barbecue. For a time some of the other committees were afraid Mr. Bailey wouldn't have the wood on hand in time to start cooking the barbecue. He said every time he would meet any friends they would ask about wood, and every time the telephone would ring it would be somebody wanting to know if he would have the wood hauled in plenty of time. Even after he would go to bed at night, he would be called to the telephone by somebody wanting to know about wood.

Mr. Bailey says if he ever does serve on any more Fourth of July committees he wants to be on the one that is to provide transportation for old ladies. He says this wood committee has just about made a wreck out of an otherwise handsome young man.

There is no doubt about the quality of the barbecue. H. T. saw the meat yesterday. It was in cold storage waiting for the time to arrive to place it over the fire. It was furnished by R. L. and W. A. Castlebury, who slaughtered some of their choicest Hereford white face cattle, especially for the barbecue. Messrs. Castlebury operate a wholesale meat business in conjunction with their ranch.

S. A. Castlebury volunteered his services to cook the barbecue. Huge pits have been prepared on Mr. Castlebury's property at the corner of Wilbarger and Stephens Streets, where the cooking is now in progress. Those who have had an opportunity to eat some of Mr. Castlebury's barbecued meats agree that he knows how to do it. So with choice meat and a skillful chef, there is no reason to worry about the barbecue part of the program.

Of course, Mr. Bailey feels that he performed a very important part of the work by getting the wood.

There will be a number of airships here for the formal opening of the airport. Army planes of various types, besides commercial planes will be here from all parts of the country. This airship business is growing in popularity and importance, but somehow the writer of this column can't work up much enthusiasm for aviation, except as a spectator. He has already had a number of invitations to "go up" as they say in speaking of taking a flight in an airplane, but the answer has always been one of polite but firm refusal. It may be that we will have to come to this mode of transportation, but the way he feels at present, H. T. would as soon ride a motorcycle or an outboard motor.

But there are people who like to ride airplanes, and it must be admitted that they are rapidly becoming a safe and rapid means of transportation, but when a person is prejudiced, there isn't much use to argue the question.

All of this is said in order to show that the Fourth in Vernon will be a big party and you ought to attend.

Lutheran Ladies To Meet.  
The Lutheran Ladies Aid will meet at the Lutheran Church Friday afternoon at 2:30 o'clock.

#### LOVE THROWS HAT IN RACE FOR TEXAS GOVERNOR

Austin, July 3.—(P)—Senator Thomas B. Love of Dallas formally announced his candidacy for Governor, subject to the 1930 Democratic primaries today.

"With malice toward none, and charity for all, I shall be a candidate for Governor as an anti-Tammany Democrat," he said in a statement. "I have a message to carry to the people, and I know of no other way to do it."

"During the past few months, literally thousands of men and women, in all sections of Texas, have expressed their desire that I become a candidate, and I feel the time has now come when my friends, and my enemies as well, are entitled to know that I choose to run."

Senator Love was one of the Democrats who campaigned Texas for Herbert Hoover for president last fall. He condemned Governor Alfred E. Smith, Democratic nominee, for his Tammany connections and anti-prohibition views.

Love is a former National Democratic committee man from Texas and resigned his place to "scratch" the party ticket in Texas when Mrs. Miriam A. Ferguson was the nominee for Governor.

He was a candidate for the nomination for Lieutenant Governor in the Democratic primaries last summer and got into the run off with Lieutenant Governor Barry Miller, also of Dallas. His name had been barred from the ballots in some counties because of his announced intention to scratch the Democratic presidential electors.

#### MOODY'S VETO CHALLENGED BY FINANCE GROUP

Committee Passes Out Same Judiciary and Eleemosynary Measures Disapproved by Governor, and Increases Educational Bill.

Austin, July 3.—(P)—The Senate finance committee threw down the gauntlet to Governor Dan Moody today, shortly after the Forty-First Legislature met in third extra session on the Governor's call to reconsider major appropriations after he had vetoed the money bills passed by the second special session.

The committee passed out the same judiciary and eleemosynary and increased the \$16,496,545 educational bill by \$137,500, allowed for a new building at John Tarlton Agricultural College, Stephenville. It indicated it would attempt to reduce the departmental bill.

The House was without a quorum and adjourned until tomorrow. The Senate, with 21 members in attendance, adjourned until Saturday. There were 58 members of the House who registered present. The House cannot organize for the session until it obtains a quorum, and it can only adjourn from day to day.

The finance and appropriation committees of the respective houses began clearing away the debris left by the governor's blue pencil. In the House there was an informal discussion led by Representative John F. Wallace, chairman of the appropriations committee, during which it was freely and generally predicted the House could not materially reduce its original money bills.

Wallace said the educational appropriation bill was only \$151,000 in excess of the measure of two years ago. He said he did not believe it could be decreased appreciably without crippling some of the institutions.

He declared special appropriations authorized by the Legislature had run the total to exceed the income and the major appropriation bills recommended by the House committee were within the revenue.

A few minutes later another pumper met the same oil train as it was stalled at another crossing. The driver swerved the machine to avoid striking the stalled train, and it overturned, injuring three occupants.

The first pumper was going at a high rate of speed when it was hit by the train. The truck was struck squarely by the cowlcatcher of the engine, lifted across the crossing and thrown against a barbecue stand. The pumper was upside down with some of its occupants pinned beneath.

The firemen on the truck admitted their own siren and bell were making such a noise they could not have heard the warnings of the locomotive. A thorough investigation was promised.

Terver on the pump, producing 300 barrels and drilling being continued on the Bass & Dillard No. 1 Huskey, section 276, H. & T. C. survey. yesterday completed arrangements for the purchase of a farm near Maricopa, Ariz.

Elise pushed open the front door of the house which she found unlocked and walked into Evangelista's office. He saw Evangelista's body, the head lying on the floor beside the chair. He immediately ran for the police without searching the house further.

A search of the house failed to reveal the weapon with which the family was slain. The wounds on Evangelista's neck were made by an extremely sharp and heavy weapon. No attempt had been made to decapitate the other members of the family.

Several weeks ago police refused to allow Evangelista to hold an exhibit of religious objects in the basement of his home. They believed such an exhibit would lead to his teaching and others in this neighborhood.

Three weeks ago Mrs. Anna Podolski and her three small daughters were beaten to death with a hammer in their home on River Rouge, a down town suburb.

Deputy George A. Berg fixed the hour of the slayings at about midnight. Evangelista had been killed first. Blood stained tracks led from the office up the stairs to Mrs. Evangelista's bedroom. In the other bedroom Margaret and Jean were found in bed with Angeline lying on the floor between two beds. Marrow had been killed lying beside his mother.

Evangelista has returned from Mexico where he attended the funeral of his father, Dr. J. H. Wenzel.

## When Girl Endurance Flyer Crashed

They had christened their plane "The Answer," had Viola Gentry and Jack Ascraft, two New York flyers, because they planned to keep it in the air longer than the famous "Question Mark" or the Kelly and Robins planes had flown. But as this photo shows, the name took on a grim significance in connection with their hopes for it crashed near Roosevelt Field and killed Ascraft, upper left, and seriously injured his girl companion, upper right. After a night in the air on their endurance flight attempt, the pair were swinging back to the field when the craft went into a tailspin and hurtled 2000 feet straight down through the fog.

## Giant Parade—

(Continued From Page 1)

At this time visiting flyers from airports in Texas and surrounding states will be present and will enter into a contest with stunts and races. The new parade will be dedicated with addresses by prominent visiting flyers.

The first of three balloon races starts at the City Park at 10 o'clock, and will be between Oklahoma and Texas. The winner of this race will draw with the winner of the first game of the afternoon, between Harold and the Phillips Petroleum Company team, to fly the Texas team. The first afternoon game will begin at 2:30, and the last one at 4:30.

There will be two meetings of the old settlers during the day. The second one will be held at 2:30 p.m. following the dedication of the County Courthouse.

The program for the two meetings will include an address by Judge J. P. Orr, of Altus, Okla., judge of Willbarger County at the time of the erection of the old courthouse. Mrs. J. E. Collins will deliver a history of the Willbarger County courthouses. An old time fiddling concert will be presented by Mr. J. P. Howard and his band in costume. ## Hoover-Mellon Difference Over Tax Cut Denied

Washington, July 3.—(AP)—The existence of a difference of opinion between President Hoover and Secretary Mellon upon the possibility of a reduction in Federal taxes was denied today at the White House.

In this announcement, President Hoover said the administration hoped tax reduction might be possible, but before action could be taken the effect of recent legislation upon the treasury must be determined as well as the prospect of continued high governmental revenues and the possibility of curtailing normal expenditures.

New York, July 3.—(AP)—The cotton market opened steady, a decline of 1/4 to 1/2 points, under selling, promoted by relatively easy cables, but offerings were comparatively light and prices worked back to about yesterday's closing figures before the end of the first half hour.

There was covering and some trade buying was reported on the rally which carried October from 16.25 to 16.50 or within 1/2 point of yesterday's closing quotation. July was relatively firm after the early decline to 17.75, selling up to 17.85 or 1/2 point higher.

The weekly report of the weather bureau seemed to have little effect on the market which was only moderately active late in the morning, and held generally steady on prodding covering. Some trade buying was also reported on the advance which sent the market up to 1/2 point above yesterday's closing quotations during the middle of the day.

## CHICAGO OCEAN FLIGHT STARTS

### PLANE TAKES OFF WITH BERLIN AS ULTIMATE DESTINATION

Chicago, July 3.—(AP)—The Chicago Tribune amphibian, "Union Bowler" lifted its wings from the waters of Lake Michigan at 8:48 a. m. today and sailed northward on the first leg of a flight to Berlin. Its first stop was at Milwaukee.

Aboard the craft as it started its air journey across the northern wastes to Europe were two pilots, Robert H. Gast of Kentucky and Parker Cramer of Clarion, Pa., and Robert Wood, aviation editor of the Tribune.

Today's objective was Great Whale, 1,000 miles north in the Hudson Bay country, or Rupert House, 200 miles nearer, if the first goal proves too great a jump for the day.

A bag of mail, sealed late yesterday by Postmaster Arthur D. Lueder, rested on top of the aviators' luggage. It contained letters addressed by governors to foreign monarchs, ambassadors to their governments, and greetings from American business executives to those of foreign lands.

From Great Whale the route will be by way of Cape Chidley to Mt. Evans, Greenland, thence over that ice covered continent to Reykjavik, Iceland, by way of Angmagalik, on the eastern coast of Greenland. From Reykjavik the jump will be made to Berlin. The east bound trip was expected to take five days.

## Sicilian Prince and Princess in Church Cloisters

Milan, Italy, July 3.—(AP)—A prince and princess of Sicily, Sicily, today took up life behind the church's cloisters, eschewing forevermore things worldly and their life together.

Two days ago the prince, Paterno Castello, was ordained priest, becoming Father Ignatius. Yesterday he himself bestowed the veil upon his wife, Donna Angela Auteri, whom he married 25 years ago. She became Sister Maria of Jesus.

The prince and princess were married more than 20 years before they decided to retire to a monastic life. The prince became a novice in the monastery of Carrobbolo Di Monza and the princess entered the convent of Restocco. After study the prince was ordained by the Bishop of Lodi. At the conclusion of his first mass

## ELIMINATING THE GLARE

The tragedy which occurred on the highway near Oklaunion Monday illustrates the need of keeping automobile headlights properly adjusted in order to eliminate the glare that makes it impossible for approaching motorists to see the highway. Perhaps the automobile which was approaching the two machines involved in the wreck had properly adjusted headlights and the wet pavement was responsible for the glare. Nevertheless the tragedy is representative of what glaring headlights can cause.

Texas has an excellent law, insofar as the composition of the statute is concerned, against glaring headlights, but the motorist who has driven any at all at night has discovered that the blinding beams are very common on the public highways. The safest thing a motorist can do when meeting a car with such headlights is to stop. Yet this brought on the Oklaunion tragedy.

The safest way is to eliminate the glare as much as possible. Considerable improvement along this line can be effected—by enforcing the law against glaring headlights, and it could be enforced if frequent arrests were made. Violations of the spirit of the law are easy to detect. The trouble is that the law seems to place the emphasis on obtaining the certificates evidencing that the lights have been tested. Once this is obtained, the automobile can be operated upon the highway with the lights adjusted in any manner.

It is an easy matter to readjust the headlights after they have been set by a testing station. Emphasis should be placed on the prohibition of glaring headlights by arresting a motorist when he is found operating an automobile with lights that are a menace to public safety. It is fallacious to believe that the stipulation requiring all automobile owners to present certificates showing their lights have been tested before they are granted new license will eliminate the glaring headlights. Why not exact from the motorist once a year a promise that he will not speed and then discharge all traffic officers?

Motorists are arrested when they are caught speeding. There is no reason why they should not be arrested when they are caught operating a car with glaring headlights, regardless of the date of the light-testing certificate. These certificates will not restore life.

## SUPPORTING LAW ENFORCEMENT

In recent weeks many church groups, representing a number of the major religious organizations of the United States, have taken occasion to pledge their support to President Herbert Hoover in his law enforcement efforts. What that support means is to be determined by the interpretation that is evinced by the members of the organizations involved. It can be a determining factor in enforcing the laws of the land, or it can be nothing more than a worthless gesture.

Unfortunately records of the past offer little hope that the support will be as active and vigorous as it should be. If the church groups would align themselves with the law enforcement campaigns in an active manner, lawlessness could all but be exterminated. This does not mean that members of the churches would have to arrogate to themselves powers which they have no right to assume.

In the first place much would be accomplished if all church members would support law enforcement movements by obeying the law themselves. Then if they would go a step further and co-operate with law enforcement officers to the extent of informing them of law violations whenever possible, the support would be all that would be needed.

The charge has been made with considerable foundation that if all the church members would quit patronizing bootleggers they would be forced to discontinue their activities because of lack of trade. While this may be a sweeping statement, there is no doubt that many church members violate the prohibition law. Many others who would not think of violating the law themselves condone

violation to the extent that they regard it with indifference and as a rule make no effort to aid the officers in suppressing it.

This movement of the churches to extend their support to President Hoover should not be restricted to his efforts to enforce any one law. General violation of the law is so prevalent that it should command the attention of all right thinking individuals and efforts to prevent violation should include every recognized law.

The churches should be interested in the enforcement of all laws. Prohibition may well command the center of attention, but it is fallacious to direct all efforts toward it and pay no attention to other laws.

## Man Killed and Woman Shot by Houston Bandit

Houston, July 2. — (AP) — Buster Gauge, 22, was killed and his girl companion was critically wounded in a mysterious shooting at Morgan's Point late last night.

Miss Lillian Bissett, 18, is at a hospital.

According to her statement to officers, a man approached their parked car and attempted to drag her from the car. Gauge resisted the man's efforts and both he and the girl were shot.

A posse of county officers are looking for the slayer.

## MOUNTAIN FIRES SWEEP WIDE CALIFORNIA AREA

San Jose, Calif., July 3. — (AP) — Mountain fires in the Santa Clara Valley burning today were described as the worst in recent years by state fire wardens directing the work of 500 men on two fronts.

Starting yesterday in the Santa Cruz Mountains near Alma, more than 2,000 acres of timber and grazing land were destroyed by flames, which for a time threatened many summer homes. This fire was brought under control after four residences were destroyed.

Another fire at Morgan Hill, brought under control yesterday, broke out on two fronts a few hours later and had jumped the ridge from the Paradise Valley in the Uvas country. About 3,000 acres of cattle land had been burned.

## Numerous Prizes Will Be Given in Contests To Be Staged in Vernon as Part Of July Fourth Program

Prizes for individuals and combinations from the fastest man, the oldest self-powered automobile, including the oldest married couple, the leanest man, the youngest married couple, and the champion peanut pusher will be awarded on the evening of July 4 to participants in the various contests held throughout the day of some-coming, dedication, and Independence celebrations, according to an announcement this morning by Grady Shipp, secretary of the Vernon Chamber of Commerce, in charge of Vernon's Fourth of July celebration.

"Uncle Billy Whiskers", a living replica of the historical goat of story book fame, will be in Vernon next Thursday and will perform, story-book style, for children and grown-ups on an improvised stage on the courthouse lawn. Mr. Shipp said this

morning. The goat will be a part of Ewald's Stage Circus, well known fair ground exposition. Mr. Ewald will present a troupe of trained goats, dogs and cats that will furnish entertainment twice during the day. The first exhibition will take place immediately following the dedication ceremonies at the courthouse, and the second preceding the 36-round boxing show in the evening. The evening program begins at 8:30, according to Mr. Shipp.

Beginning with a parade in which all northwest Texas and Southwest Oklahoma are invited to take part, the day's program will include the dedication of the municipal airport and county courthouse, a free barbecue at Allingham Park, three baseball games, free entertainment on the courthouse lawn in the form of races and other track events, boxing

est car that generates its own power; the car that has been driven the greatest number of miles; the couple who have been married the longest; the most newly married couple; the family owning the greatest number of milk cows, other than a dairy; the family owning the largest flock of chickens, other than a hatchery; the man or boy who wears the brightest colored shirt; and the largest man. All of the above must have taken part in the parade to be eligible for competition. Robert Sparks is the chairman in charge of the parade.

Following the dedication ceremonies at the courthouse, there will be a contest in the form of an athletic meet held on the courthouse lawn. Prizes will be awarded the winners of the various events. Mr. Shipp stated. Any one who conforms to the individual requirements is eligible for competition in the contests, it was stated. The list of events is as follows: peanut race, open to any one; sack race, open to any one; three-legged race; lean man's race, open to men under 150 pounds; fat man's race, open to men weighing in excess of 200 pounds; 100-yard dash, open to boys under 16 years of age; standing broad jump, open to boys under 18; 50-yard dash, open to boys under 15 years of age; yo-yo contest, open to any one; and a shoe race. The committee in charge of the stunts is composed of E. O. Youngblood, Frank Murchison, and B. S. King.

# HILL CREST CHAMPIONSHIP TOURNEY IS UNDER WAY

## NICHOLS HOLDS LOW SCORE IN EARLY ROUNDS

Qualifying Period Extended to Include Thursday Morning—Roy Farrell, 1927 Champion, Not to Participate in Play This Year.

The 1929 Hill Crest Club championship golf tournament got under way early this week when nine members completed the qualifying rounds Monday and Tuesday. Two others completed the first nine in the qualifying play Monday afternoon but were unable to complete the second round on account of the rain. Other members will qualify today and Thursday morning, the time limit being extended to Thursday due to the wet condition of the links.

R. H. Nichols held the low score with a 79 this morning, the next lowest being an 82, shot by Dr. W. L. Rhodes. Grady Shipp was third with a score of 83, and was followed in order by C. J. Farrell with an 87; J. V. Leak, 87; John Myers, 89; W. W. Anderson, 89; Dan Bond, 91; and L. O. Holloway, 92.

Roy Farrell, who beat Whitney Anderson in 1927 in the finals to win the first annual championship, shot a 42 on the first nine Monday afternoon but was prevented by the rain from finishing the second round. He left yesterday for Mineral Wells where he will participate in an invitation tournament, and will thereby forfeit his chances in the Hill Crest tournament. Walter McCaleb also completed the first nine in the qualifying rounds before the rain Monday afternoon stopped play. He will complete the second round this afternoon.

The tournament probably will continue all this week, it was announced this morning by W. K. Long, who is in charge of the affair. The final flight may be played Saturday, he said. The tournament is held each year during the week of July 4. Whitney Anderson is the defending champion, having won that distinction last year when he defeated E. P. Hicks in the finals.

## SCOTT-BARNES HEAD FIGHT PROGRAM HERE

Tommy Scott of Electra will clash with Corporal Barnes, Fort Sill boxer, in an eight-round bout tomorrow evening as the headliner of a 36-round boxing show presented by the Vernon Chamber of Commerce in co-operation with the local American Legion post as a part of the entertainment offered during the day of dedication, homecoming, and Independence celebration. Scott and Barnes, well known flyweights of this section, will be remembered for the scrap they put up against each other at the American Legion district convention program here recently. Scott won the decision by a few points. Both men weigh 120 pounds.

As a semi-final, "Sailor Jack" Minor of Wichita Falls will oppose Jack Reno of Lawton, Okla., for six rounds of boxing. Both men weigh 160 pounds.

Another six-round affair will be staged between Jack Walton of Wichita Falls and Bob Chapman of Electra. They weigh in at 130 each. They have not appeared in a local ring but each has proved himself capable of defending himself in rings throughout this section.

Buck Scott of Electra and Charlie Harmon of Grandfield, Okla., are entered for a four-round fly-weight match. They weigh 110 pounds each. Jack Clark and Burton Hobson, both of Vernon, will meet in a four-round fight.

Eight rounds of negro fighting have been arranged by Delbert Webb, promoter of the boxing program. The names of the participants were not announced this morning.

## Columbia Rowers Beat Club Crew in Henley Race

Henley-on-Thames, Eng., July 3.—(AP)—In the finest race of the opening day of the Henley regatta the Columbia University 150 pound eight beat the Westminster Bank rowing club in its first heat for the Thames challenge cup.

It was a grilling affair over the entire course with the Americans leading the greater part of the time. The determined struggle wound up dramatically when the American boys launched a magnificent spurt about 330 yards from home.

They flashed ahead by a canvas—about six feet—and held their advantage despite repeated efforts by the Britons, passing the winning post in seven minutes and thirty-two seconds amid tremendous applause from the big crowd.

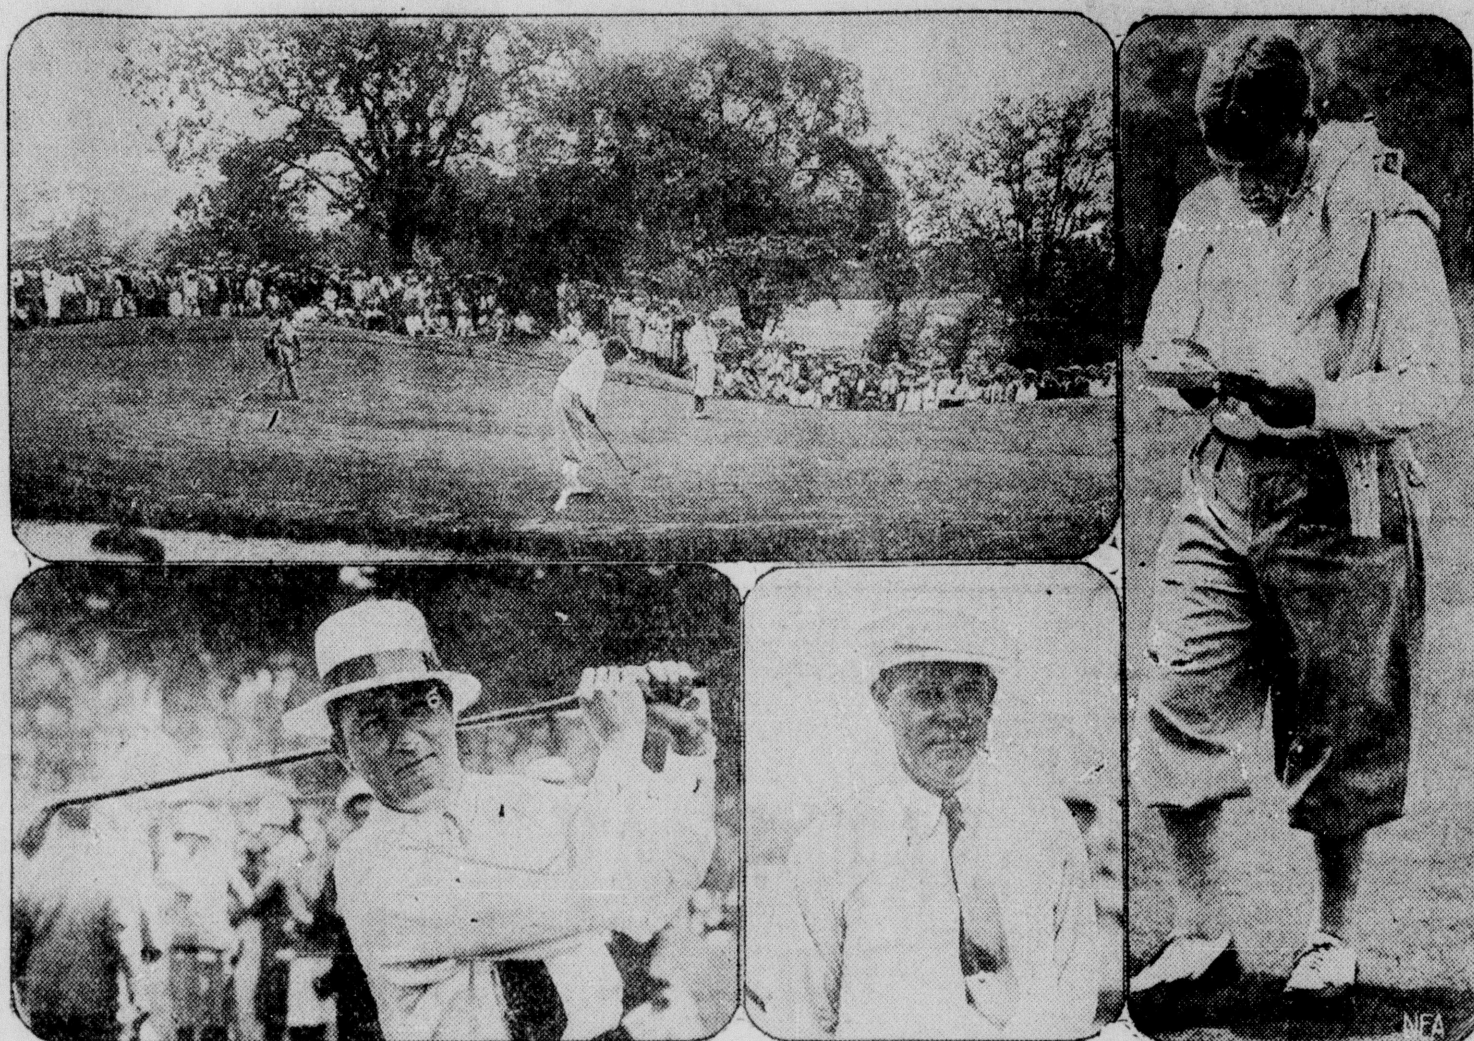

## OFFENSIVE AGAINST TRACK AND FIELD MEET OPENS

Denver, Colo., July 3.—(AP)—An offensive of broad expansion against Amateur Athletic Union track and field records was on today, with a picked field of approximately 200 athletes leading the first assault in the junior division.

Although chief interest was centered on the senior championships to be held tomorrow, the junior class, open only to those who have not taken a first place in major competition, was not without its share of athletic luminaries.

Practice trials in the dash events, the pole vault and discus, in particular, have given cause to expect a few outstanding performances. Fred Sturdy of Yale has cleared the bar in the pole vault at 13 feet six inches, with a full 12 inches to spare.

## JONES WINS THE TITLE AGAIN

Clicking off birdies and eagles and pars with all the regularity of a mechanical man, Bobby Jones, the Atlanta lawyer, made a good start toward his third open championship at Mamaroneck, N. Y., the other day when he shot a 69 in the opening round. Above, Jones is shown sinking his putt on No. 18, and to the right adding it up. Below, left, is an action shot of Walter Hagen as he breezed along in the opening round. In the center is Al Espinosa, whose 70 in the first round placed him in a contending position with Jones, and enabled him to tie the latter for the title. In the play-off the Atlantan won by a wide margin.

## Situation of Cardinals Becomes More Alarming Every Day, While Athletics Increase Their Margin

(By The Associated Press.)

The situation of the Cardinals is becoming more alarming every day but at the current writing it appears there is not even a situation in the American League the Athletics were laying the Senators at will to maintain their already propitious lead.

The champions of John Heydler's circuit dropped their sixth straight yesterday when the ambitious Pirates won, 5 to 3 at Forbes Field. The Cubs held the pace by shading the Reds in Chicago, 5 to 4, in eleven rounds. By way of focusing a bit of attention on the American League, the Athletics slammed the Senators 7 to 4 and 4 to 1, gaining half a game on the Yankees, who nosed out the Red Sox 4 to 3 in ten innings.

The defeat of the Cardinals ran Billy Southworth's losing streak to twelve games in the last fourteen. The Cubs, the Pirates and the Giants are slowly but surely leaving the league champions behind and even the second division yanks if the Cardinals cannot check their descent.

The Cubs remained half a game ahead of the Pirates, and increased their margin over the Giants to four full contests. The New Yorkers took the first game of a double-header at Boston by 6 to 3 as Melvin Ott hit his twenty-third homer, but the Braves claimed the second, 3 to 2. The Phillies and the Robins got the afternoon off.

By overpowering the Senators in the first game and outpointing them with more finesse on Jimmy Fox's fifteenth homer in the second, the Athletics extended their mastery of the Washingtonians to fifteen games in seventeen starts this season. The Macks incidentally stretched their lead over the Yankees and the Browns to nine and one-half games.

The Tigers slugged the Browns 10 to 4. The Yankees thus climbed back into second place by a percentage margin, although virtually tied with the Browns. The Indians won two extra inning games from the White Sox in Cleveland, 4 to 3 in ten innings and 5 to 4 in eleven.

## PILOT DISCORD MENACES MAX

### BOXING ASSOCIATION SAYS CONTRACT MUST BE FULFILLED

New York, July 3.—(AP)—Hemmed about by a plethora of managers, Max Schmeling appears destined to starve in the midst of plenty.

Just when the German heavyweight's stock has gone sky-high because of his victory over Paulino Uzcudun, Schmeling's feud with his one-time manager, Arthur Cuelow, has reared its head again to threaten not only Herr Max's peace of mind but his ring earnings as well.

With the Paulino-Schmeling fight out of the way and charity the Athletics Commission, has decreed that Schmeling now must fulfill a contract signed by Buelow with Humbert Fugazy to fight Phil Scott of England at Ebbets Field, Brooklyn, Aug. 7.

Schmeling has said time and again he never would go through with any match arranged by Buelow. Rather he said, he would return to Germany and await for his contract with Buelow to expire in October of 1930. The German may reconsider that statement when it is pointed out to him he now is riding the crest of the wave. A flickle fight public probably would have another heavyweight hero to worship by that time.

Whatever the German decided to do, it seems Madison Square Garden's plans for a bout between Schmeling and Jack Sharkey here in September must be abandoned. Sharkey is bound to the Garden until July 15 when an opponent for the September bout must be named.

## Baptists to Meet Christian Team This Afternoon

The League Standing: second half.  
TEAM P. W. L. Pct.  
Baptist . . . 1 1 0 1.000  
Methodist . . . 1 1 0 1.000  
Presbyterian . . . 2 1 1 .666  
Christian . . . 2 0 2 .000

Opening this week's play, the Baptist and Christian teams of the Vernon Sunday School league will meet this afternoon on the City Park field in the fourth game of the second half of the season. The game is scheduled to start at 6:15.

Buzbee, Baptist hurling ace, is scheduled to represent his club on the mound this afternoon. Carl Simmons will be on hand to relieve Buzbee if such is necessary. Simmons will more than likely start the game in center field. Truman Teel will perform behind the bat.

Others in the Baptist line-up this afternoon may be Fred Dobbs, first base; Steve Dobbs, second base; R. B. Norman, third base; Aubrey Foster, shortstop; Bridges, left field; and Milton Wolfe, right field. Wolfe may be shifted to second base, and Steve Dobbs may go to right field.

Ross is likely to start the game this afternoon on the mound for the Christians. Buchanan probably will draw the catching position.

The remainder of the Christian lineup is uncertain, but the following may start the game: Wilkins, first base; Currins, second base; Shoemaker, third base; Burgess, shortstop; Kuntz, left field; Moore, center field or first base; and Wright, right field.

## Postponed Game To Be Played Tuesday, July 9

The Baptists and Methodists, leading teams of the Vernon Sunday School league, will meet next Tuesday, July 9, to play the game postponed from Monday because of rain, it was announced today.

The game was scheduled for last Monday, but was called immediately after the start on account of rain. It will be the first meeting of the teams in the second half of the season, and both teams are tied now for the league leadership, each having won their first games of the half.

On Monday preceding the day of the postponed game, the Baptists are scheduled to meet the Presbyterians, and on Wednesday following the Baptist-Methodist game, the Methodists will meet the Christians.

## LEGISLATURE CONTINUES WORK AFTER MAJOR APPROPRIATIONS BILL IS VETOED BY GOVERNOR

Austin, July 3.—(AP)—Its major appropriation bills vetoed by Governor Moody because the grand total exceeded the available revenue, the 41st Legislature continued its labors today, after the chief executive issued a proclamation calling it into third extraordinary session last night.

The Governor declared the appropriations passed during the second extra session aggregated \$52,549,303, and \$2,349,884 for the regular and first called sessions. He said the "maximum rate of taxation allowed under the constitution would yield approximately \$49,000,000."

Declaring that "against a rising tide in state expense, some one must stand," Governor Moody pointed out that in 1921, "only eight years ago," the appropriations totaled only \$24,419,688.

The Legislature learned of the Governor's decision to veto the major appropriation bills and free conference report on the educational appropriations bill, calling for the expenditure of \$16,406,545, which brought the grand total for major appropriations to \$50,174,071.

Committees that went to the executive office to notify the Governor that the Legislature had completed its work and was ready to adjourn sine die, brought back messages giving news of the Governor's decision to disapprove the bills and reconvene the Legislature.

The message was received with mixed feelings. The House sent a second committee to interview the Governor with the request he defer to call until Monday, but he had made up his mind and refused.

Senator Tom Pollard of Tyler, chairman of the Senate finance committee, speaking to personal privilege, flayed the Governor for his action, and Senator A. J. Wirtz of Seguin accused the chief executive of desiring the third extra session so could advocate anew "pet legislation" that had been defeated before.

There was only a handful of House members to hear the Governor's message, and indications were there would not be a quorum in either branch this week.

Governor Moody said he did not believe a necessity existed for appropriation of the "maximum of state income under the highest tax rate allowed under the constitution."

"I do not believe the people of Texas want the Legislature to be niggardly or stingy in support of its institutions or departments, but I know they want economy practiced by the Legislature, the institutions and the departments," he said. "There is no security against extravagance or waste except the fidelity of the public officers and employees. When the amount of money expended in past years in support of the government is considered, I believe that you can adequately provide for all activities of the Government and bring the appropriations under the present bills by a large sum of money."

While talking with an engineer in Denton, Texas, he advised that it had relieved him of a serious condition and so I decided to try it. I am sure that he told me about it for I am not bothered with indigestion any more, gas does not bother me any more and the soreness is all gone out of my stomach, and it won't be long until I can eat anything I want, and that certainly is saying a lot, for I was unable to eat a thing I cared for. I can keep right on with my work now, and am gaining in every way. Orgatone has been a help to me and I could tell the difference after the first few doses. I am glad to recommend it to my fellow sufferers, who are troubled like I was, for it does what they say it will.

## WICHITA FALLS CARPENTER HIGHLY PRAISES ORGATONE

"I Was Unable to Work at Times, and Could Not Lie Down and Couldn't Rest—Orgatone Relieves Me," Says Maloney.

"Orgatone is certainly a wonderful medicine and I want to tell everybody what it has done for me," says J. D. Maloney, resident at Wichita Falls, Texas, P. O. Box 10, well known and prominent citizen in Wichita Falls. Mr. Maloney made this remarkable statement while talking with an Orgatone representative in Allison's Drug Store recently.

"For a long time I've suffered with stomach trouble and indigestion," he continued, "gas would form on my stomach and affect my heart and could not lie down and did not get any rest at all at night. There's been many a day when I couldn't work from such misery. I was in a very nervous condition most all the time and couldn't hardly eat anything. I had to be very careful of what I ate."

## OFFICERS GET LONG TERMS IN LAREDO DEATH

Jury Deliberates Slightly More Than Two Hours Before Giving West 99-Year Sentence and Hernandez Twenty Years.

Laredo, Texas, July 3.—(P)—Raymond West and Thomas Hernandez, for years peace officers here, today faced long terms in the penitentiary for the murder of Harry Williams, newspaper reporter, Jan. 18.

West was given life, and Hernandez 20 years by a jury which deliberated two hours and 39 minutes last night. They were charged with choking Williams to death in the Commercial Hotel and throwing the body in the Rio Grande where it was recovered a month later.

The accused presented an alibi, declaring they were on a stag party at the Love Ranch the night of the killing. A girl inmate of the hotel, star witness for the state, testified the officers came to the hotel about 9 p. m. seeking girls to go with them, but that the officers were so drunk the girls would not go. They said the officers cursed them and threatened to kill them, but finally left.

Shortly before midnight, she said, Williams came in with Buck Hood, another reporter, and Hood went to a room. Williams remained seated in the hallway. Soon, she declared, the officers returned and an argument and fight followed. She said she heard the voices of West, Hernandez and another American. Then there was silence, followed by the sound of a departing automobile.

A physician testified the condition of Williams' body indicated he was choked to death. The officers denied all charges.
